

RESPONSE TO QUESTION 14:

Ozark Cellular Corporation (“Ozark”) holds a 50 percent general partnership interest in Applicant while Pine Bluff Cellular Services, Inc. (“PBCS”) holds a 50 percent limited partnership interest.

Ozark is wholly owned by Associated Communications Corporation, which is wholly owned by New SBC Wireless, Inc., which is, in turn, wholly owned by SBC Communications Inc. (“SBC”); therefore, each of these entities is attributed with a ten percent or greater interest in Applicant pursuant to the Commission’s attribution rules.¹ SBC has no shareholder with an interest of ten percent or more.

PBCS is wholly owned by AT&T Wireless Services, Inc. (“ATTWS”). DCM Capital USA (UK) Limited (“DCM Capital”), which owns approximately 16 percent of ATTWS’s outstanding common shares, is the sole shareholder with a direct interest in ATTWS of ten percent or more. DCM Capital is wholly owned by NTT DoCoMo, Inc. (“DoCoMo”); therefore, each of these entities is attributed with a ten percent or greater interest in Applicant pursuant to the Commission’s attribution rules.² On a fully diluted basis, none of DoCoMo’s direct or indirect shareholders holds an interest in ATTWS of ten percent or more.

The address, citizenship, and principal business of each of these entities are set forth below.

As a Delaware limited partnership, Applicant does not need, and does not have, its own officers and directors. With one exception, Applicant's general partner, Ozark, does not have interlocking directorates, as defined in Section 63.09(g) of the Commission's Rules,³ with any of Applicant's affiliated foreign carriers. The exception is that Rick L. Moore, the President and a Director of Ozark, is also a Director of TDC A/S.
